Translator Note

Nice to meet you. I'm blackstar, the translator for this series. As some of you may already know, this comic is from Malaysia. For me, this comic is rather a high quality comic, compare to some of Malaysian made comic. Well actually Malaysia got many good quality comic (lol) but we didn't get our hand yet on other comics.

*In the story, some of you may wonder, why Ratz call the racoon as "stupid wild cat", I translated it like that because the original text is 'kucing liar'= wild cat, not a racoon. I'm thinking for the originality for the story, so i thought i would just leave it like that. Duh, I'm not the story writer, I'm just some fuk*ng noob translator (lol).*

For your information, this is my first job translating manga. Thanks to our RAW provider & QC (quality checker)/boss, Natsu for giving me chance to take on this project. Currently we/me lacking of native(or someone who really good in English) to proofread this project. Just someone who good at their grammar would do. Translating it should be my job because the RAW is in Malay Language (lol).

If anything you might wonder, or any question you want to ask, or any problem with my English, please drop by our site and leave your comment in the shoutbox.
